Night

1986 to 2008

Bob Trubshaw

These photographs were taken without using a tripod, although I would rest the camera against some street furniture if possible.

The photographs of New York and Hong Kong were taken on an Olympus OM1N camera.

The photographs of Snibston Museum were taken on a Kodak DC210 Plus digital camera and have been digitally 'tweaked'.

The rest were taken on Nikon D50 and D300 DSLRs.

This photo book was prepared January 2026.
