Rain

early 1980s to 2017

Bob Trubshaw

With the exception of the Bradgate Park photographs I did not intentionally set out to shoot in the rain. But reflections can be interesting.

The square-format images were taken on a Mamiya C220 6 x 6 cm twin lens reflex using Ilford FP4 film.

The first image was taken on an Olympus OM1N probably using Agfachrome.

The rest were taken on Nikon D50 and D300 DSLRs.

This photo book was prepared January 2026.
